

Accessibility Statement

At BioView, we are committed to promoting accessibility so that people with disabilities and special needs can use and enjoy the full range of services we provide — at our offices, on our website and through our support channels. Our site complies with Israeli Standard 5568 at AA level, in line with WCAG 2.1.

Standards & browser compatibility

The website complies with Israeli Standard 5568 at AA level, in line with WCAG 2.1, and with the Equal Rights for Persons with Disabilities Regulations (Accessibility Adjustments for Service), 2013. Accessibility is compatible with leading browsers, including Chrome, Firefox and Internet Explorer 9 and above.

Website accessibility features

We provide an advanced accessibility component by UserWay, powered by a dedicated accessibility server. Clicking the accessibility menu icon on the page opens tools that include:

- Adaptation of pages and tags for assistive devices and accessibility technologies.
- Full keyboard navigation between website links.
- Disabling flashes and moving elements on the screen.
- Contrast adjustment — light, dark and color inversion.
- Highlighting of all links on the site.
- Font size adjustment, text spacing and line-height controls.
- Option to hide images, or show alternative descriptions on hover.
- Dyslexia-friendly font, enlarged cursor, reading mask and reading guide.
- Text alignment — right, left or center.
- Profiles for motor impairment, blindness, color blindness, dyslexia, low vision, cognitive and learning disabilities, epilepsy, ADHD and more.
- Support for screen readers such as JAWS and NVDA.

Accessibility coordinator & feedback

Despite our efforts to make every page accessible, some sections may not yet be fully adapted. If you encounter an accessibility issue or have a suggestion for improvement, please contact our accessibility coordinator:

Coordinator: Inbal Shmula Hillel

Email: Inbal@bioview.co.il

Phone: 073-2271020

To help us address the issue effectively, please include: a description of the problem, the action you were trying to perform, the page you were browsing, your browser type and version, your operating system and any assistive technology in use.
